

Our Team - Supervision

Grant Toutant

Cell: 250-371-7012

Email: grantt@tveltd.ca

Grant has worked as a construction supervisor for the past 27 years. As President of Thompson Valley Erectors Ltd., he oversees all types of field operations, including Domtar and Highland Valley Copper. Grant was part of the supervision team for the Weyerhaeuser 30 MW TGC Co-Generation project in Kamloops, BC.

Wayne Welsh

Cell: 250-319-2131

Email: wayne@tveltd.ca

Wayne is a construction supervisor with 20 years of accomplishments in the pulp mill industry and in mining projects. Adept at supervising multi-trade crews and meeting completion dates. Experience in conveyors, grinding mills, crushers, pressure vessels and mill maintenance. Wayne runs TVE's venture at the Taseko Mine site in McLeese Lake.

Grant Rerick

Cell: 250-961-6422

Email: grantr@tveltd.ca

Grant has been a member of the Boilermakers union for 28 years. For the past 20 years, Grant has held the role of construction supervisor. As a Director of TVE, he is extensively involved in the planning, budgeting, and executing shutdown work in the pulp and paper industry. He specializes in fibreline pressure vessels and tanks.

Alan Elliott

Phone: 250-377-3533

Email: office@tveltd.ca

Alan is our piping specialist with over 40 years of practical experience in process piping, pressure piping, and pipeline services. Alan is well versed in the B31.1 and B31.3 piping codes in addition to the applicable associated welding procedures.

Scott Finlayson

Phone: 250-377-3533

Email: office@tveltd.ca

Scott has been involved in the construction industry for over 20 years with experience in all types of construction. He is experienced in all phases of wood and concrete construction. Scott plays a key role in TVE's everyday concrete, wood and scaffolding projects.

John Rogers

Phone: 250-377-3533

Email: office@tveltd.ca

John plays a key role in TVE's boiler/vessel pressure work. He has been employed since 1971 in the mechanical construction industry with 32 years in a supervisory capacity.

Peter Schemenauer

Cell: 250-961-6423

Email: office@tveltd.ca

Peter is a boilermaker by trade and is one of our top pressure vessel and tank supervisors. Peter is knowledgeable in the ASME and API codes and is a top Project Superintendent. Peter now resides in Northern Saskatchewan and would be TVE's representative in that area.

Joe Law

Cell: 250-741-4221

Email: joelaw@telus.net

Dwayne (Joe) Law has 27 years of experience in the pulp and paper industry, with an extensive knowledge of the fibreline and surrounding equipment. He has been directly responsible for the management, estimating, budgeting and scheduling of numerous projects.

Brent Wilkie

Cell: 250-616-7304

Email: brentwilkie@telus.net

Brent has over 20 years experience in all aspects of millwrighting including turbines, pumps, high pressure feeders, flotation, crushing, and grinding.

Jim Brown

Cell: 250-319-8188

Email: jim.brown@telus.net

Jim is TVE's Mechanical Engineer that assists with project design. He has over 30 years of experience in plant engineering and construction, including supervising large and small plant maintenance projects. Jim specializes in piping design and steam plant projects.

Our Team – Quality Control

Mark Shaw

Cell: 250-612-1654

Email:

shawinspectionsltd@gmail.com

Quality Control – Mark is a Level III Welding Inspector. He has over 26 years of knowledge in the fabrication, welding, and inspection of pressure vessels, piping, and structural steel. Positions held range from floor worker, shop foreman, shop supervisor and Quality Control manager.

Our Team – Safety Officer

Kelly Olson

Cell: 250-246-7627

Email: keltech4@shaw.ca

Safety Officer – Kelly is an approved COR External Auditor by the Construction Safety Association of British Columbia. She has been extensively involved in leading and managing TVE's safety program to the high standards achieved today.

Our Team – Office Administration

Brenda Fisher

Phone: 250-377-3533

Email: office@tveltd.ca

Office Manager – Brenda has obtained 20 plus years of accounting experience while working in the mechanical contracting, forestry, and oil and gas industries. Before joining TVE, she was the Staff Accountant for Interior Industrial Constructors Ltd.

Shannon Cunningham

Phone: 250-377-3533

Email: admin@tveltd.ca

Administrative Assistant – Shannon has over 10 years of experience performing a variety of accounting and administrative functions. Shannon also worked for Interior Industrial Constructors Ltd. before coming to Thompson Valley Erectors Ltd.
